## DIVIDE BRINGS RECORD FIGURES

The market today for Divides broke all record for strength following a rather weak closing yesterday. This was due largely to official confirmation of the rumor that ore of higher grade than ever has been developed in the Divide.

Opening at \$5.30, an advance of 35 cents, the stock sold up to \$5.62 1/2. 2200 shares changing hands at the morning session. Another feature was Gold Reef, formerly the Dick Williams property. It advanced to 32 cents under sales of 17,000 shares.

## ROBERT STEWART DIES AT SAN DIEGO

This morning W. J. Douglass wired his wife from San Diego that Robert Stewart had passed away. About a month ago Mr. Stewart left Mina for San Diego, where he expected to recuperate his health, but on arriving in that city he continued to fail and entered a sanitarium for medical care. The cause of his death was dropsy. Funeral arrangements have not yet been made, but the interment will probably be at San Diego.

The deceased was born in Canada 80 years ago. His parents were Americans, but were in Canada at the time of his birth. They returned with him when he was but an infant. Mr. Stewart came to Nevada during the White Pine excitement. He went from there to Pioche, where he was employed as a teamster by W. A. Pritchard, better known as "Nick of the Woods."

From Pioche he drifted to Eureka, where he followed teaming up to the '80s. Then he removed to Bodie, which was then in the heyday of its excitement. Shortly after his arrival there, he and Andy Wilson, a pioneer teamster, now a resident of Tonopah, were employed by D. W. Keel in the forwarding business and for several years he was on the road freighting from Carson to Bodie.

Mr. Stewart became Earl's collection man in Bodie and from there was transferred to Hawthorne, where he acted as assistant to John Forbes in the forwarding line. This position he held until 1888, when he was elected sheriff of Esmeralda county and re-elected in 1890. In 1895 he purchased the Sodaville townsite and springs and conducted a hotel at that place until two years ago, when he disposed of his holdings to the longest company.

The deceased and Elmer Dunlap were the first two to drive a team into Tonopah from Sodaville and, returning, they told of its richness and the news spread rapidly and the rush was on to what is now the greatest silver-gold district in the world. During the past twenty years Mr. Stewart was associated with his intimate friend, W. J. Douglass, in many mining deals.

Robert Stewart was a true, typical westerner, generous to a fault and honest as the day. In the past two decades his mining ventures brought him a comfortable fortune, but a large portion of it went back into the ground from which it came. Even during his fatal illness his old cheerfulness remained and his mind was occupied with his mining matters. In the death of Bob Stewart southern Nevada loses a citizen who cannot be replaced. Each old-timer will say with bowed head: "Good bye, Bob, old fellow. May your sleep be peaceful."

## JOHN KIRCHEN LOSES LEFT FOOT IN THE WHITE CAPS MILL ROLLS

John G. Kirchen, president of the White Caps Mining company, narrowly escaped death late yesterday afternoon at Manhattan when his left foot was caught and mangled between trolley and frame of the rolls in the White Caps mill, where he was making a tour of inspection, accompanied by Superintendent Taylor. He was saved by the quick action of Joe Barker, in charge of the rolls, who instantly shut off the power when the accident occurred.

Mr. Kirchen was quickly taken to the Manhattan hospital and first aid was rendered by Dr. Riley, the company physician, while Dr. Church was summoned from Tonopah. Despite the excruciating pain suffered by Mr. Kirchen, he concentrated his mind upon business matters and in the car in which he was brought back to Tonopah he talked with Superintendent Taylor relative to mine operations, giving instructions for future work. Once he laughingly said: "If this had happened yesterday, the 17th, I might have the consolation of blaming it on the Irish, but now I know it was my own fault." When Dr. Church told him that he would probably lose his foot he replied: "Well, there is some satisfaction in that. I will get rid of the bunion that has bothered me for years."

Despite the frightful condition of the road, Otto Wise, the chauffeur, brought the car to Tonopah in a little over two hours and the sufferer was taken to the Mine Operators' hospital. There an operation was performed by Dr. Church. The left foot was removed an inch above the ankle joint. Mrs. Kirchen remained with him throughout the night and as at his bedside today. On orders of the attending physician no visitors were admitted today, although the condition of the patient was satisfactory. Owing to the activities of Mr. Kirchen's life, this accident is all the more distressing. That he and his family have the sympathy of all goes without saying.

## THREE TONS OF OLD CLOTHING WANTED BY THE RED CROSS

Three tons of old clothing is the quota for Nye county fixed by the Red Cross committee in charge of providing for the pressing wants of the destitute people of Europe. The drive for this collection will begin in Tonopah Monday. A meeting of the executive committee of the Red Cross will be held this evening to select a chairman to have charge of the drive. This movement was set under way today by Mrs. M. O. Davis, field representative of the Red Cross with headquarters in San Francisco, who arrived yesterday and continued on to Goldfield where she spent the day, returning in the evening. She was in consultation

with Justice Harry Grier last evening and this morning prior to train time and left satisfied that conditions were ripe for the movement in Nye county. Mrs. Davis was accompanied by Mrs. R. D. Gerard, representing the home service department who remained over for another day to complete her review of the local situation.

The home service division has charge of the work of looking after dependents of men who are or have served with any militant branch of the government in order to preclude any danger of such dependents suffering through the absence of their breadwinner. In Tonopah and Nye county the home service division has been very efficiently administered by Mrs. Burdick and Mrs. Thomas Lindsay.

## CHANGE IN TUNNEL OF THE HASBROUCK

An important change is occurring in the tunnel of the Hasbrouck at the face which now stands at a distance of 1000 feet from the portal. Heavily oxidized quartz is appearing in the footwall side. This is deeply stained and leads the management to infer that the values cannot be far distant. It is believed that by prospecting for 50 feet the hanging wall with commercial values will be brought in view. Throughout the length of the tunnel small gold values have been picked up in stringers with seams of free gold. At the shaft the timbering has been completed for a distance of 100 of the 400 feet depth and the work is being put through at the rate of one to one and a half sets a day with five foot centers.

In thirty days the Hasbrouck will be shipping from the tunnel at the rate of a carload a week with the values ranging around \$25 at which they were held on previous shipments.

## CONCERT TONIGHT AT THE AIRDOME

The celebrated Rathburn "jazz" band will render a delightful free symphony concert to the people of Tonopah tonight, featuring a revue giving solos of classic, grand opera, ragtime and "jazz." The program has been designed to appeal to the lovers of popular music as well as the lovers of classics. The Rathburn players' skill in making this kind of a schedule is the result of their wide familiarity with the literature of all music. The feature of the evening will range from the weird strains of Paganini's La Campanella to the dreamy waltz of Rubenstein's Melody in F, followed by the medley of snappy syncopation of the fox trot to the mournful crooning of the Memphis Blues. "Jenks," the banjo king, has a special offering in store for you this evening. Concert starts at 7:30. Following the concert the big dance of the season will be held and all are invited to attend and are assured a pleasant and enjoyable evening. The band will gladly play any of your favorite selections. Admission free. Just follow the crowd to the Airdome tonight. Royalty rendered for a critical public.

## PERSONAL

DICK WILLIAMS returned this morning from San Francisco.

W. H. ABY is over from Goldfield on a business errand.

JANUARY JONES was a departure for Reno this morning.

IRA MURDOCK, manager of the United Cattle and Packing company, is here from Goldfield.

GEORGE K. EDLER of the state highway commission, was a passenger this morning en route to Goldfield.

FRED C. NINNIS, superintendent of the West End mill, left this morning for San Francisco on a business trip.

THOMAS A. FAZIER, auditor for the Tonopah Mining company, was a departure for the coast on this morning's train.

J. W. SHERWIN, superintendent of the West End and Halifax, went to the coast this morning on mining business.

UNDERSHERIFF SLAVIN and wife left this morning for Carson City to attend the funeral of Mr. Slavik's mother.

FRANK MEYER and wife left this morning for the coast where Mr. Meyer will recuperate after his recent accident.

J. L. JOSEPH, president of the MacNamara Mining and Milling company, was a passenger for San Francisco this morning. He will return about the end of next week.

H. S. DEAN, representing the Denver Rock Drill company, and James Conlik, went out to Candelaria by auto yesterday morning and returned in the evening.

J. M. STERUD, district superintendent of the Mutual Life Insurance company, came in this morning from Reno. This is his first visit in six months and he expressed surprise at the appearance of business in camp.

AL. REVERT, president of the Verdi Lumber company, who has been giving his attention to the Revert group, one of the pioneer locations on the Divide, has completed his preliminary work and will return home tomorrow.

GEORGE A. KERNICK, president of the Hasbrouck company, left for his home in Oakland this morning. He spent the better part of ten days here looking after his interests on the Divide and is satisfied with the steady improvement in the property.

MAKE RETURNS IN TIME  
Deputy Revenue Collector Lynch warns tobaccoists that the floor tax return on cigars, tobacco and cigarettes must be made on or before March 25th.

READY TO SLUICE  
All preliminaries are completed for beginning the placer season at Round Mountain. There is still about four feet of snow at the Jet canyon dam, but water is beginning to flow and soon there will be enough to operate the giants. Work will begin on a thirty-foot bank of gravel that will run better than a dollar a yard. The company expects to handle about 150,000 yards this season.

## AMUSEMENTS

HAROLD LOCKWOOD AT THE BUTLER

Making its third presentation in as many different forms, Francis Perry Elliott's popular story, "Pals First," will be told on the screen at the Butler today with Harold Lockwood in the leading role. "Pals First" made its first appearance as a novel published by Harper and Brothers, and last season assumed its second form of garb in the stage play, and now its third appearance in six thrilling reels upon the screen. The story has to do with an adventure-some young southerner who assumed the identity of Danny Rowland, an ex-convict, in order to redeem the lost soul of Dominic, once a respected clergyman in England but later an outcast of society who became his pal. As Danny Rowland, thief, pickpocket, safe-cracker, convict and gentleman, Mr. Lockwood does the best work of his brilliant career. Only an actor of the most finished abilities could have essayed this light, romantic spirited role of rogue and gentleman, and keep his audience in sympathy with the character. His sense of comedy is equal to the finest stars. This is a special production, but will be shown at the regular admission. Added to the bill will be the second of "The Son of Democracy" series—"The Call to Arms," in which Abraham Lincoln is the leading character, and gives an inside view of one of the tensest moments of the nation's history, making an eight-reel program impossible to beat. Tomorrow, Madge Kennedy, in a snappy comedy drama that will give you many a laugh and make you feel like coming back, the name is "A Perfect Lady."

## Give it a Chance

There are only two places in your whole car that need water.  
One is the radiator.  
The other is the battery.

If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

## CLASSIFIED

LOST—Gold ring with green turquoise setting. Return to Bonanza, 1276M151

FOR SALE—On lease or bond, good claims. Address, E. Lucy, Tonopah. 1276M176

FOR SALE—Reo touring car, 6 cyl., 5 pass., good as new. Also tables, stoves, tools and merchandise. These articles for sale cheap, account leaving town. Inquire Mustang saloon. adv1267M151

## MINES BILL KILLED

The bill creating the state bureau of mines which was passed by the assembly was killed in the senate, but a notice to reconsider the vote was given. The state ore sampler bill, creating the office of state ore sampler, was passed by the senate. It was an assembly measure.

Mrs. Meyers has fresh bread at the Butler Inn daily. The best in Tonopah. Also all varieties of peas, 20 cents each. Call at the Butler Inn. AdvM195

## NOTICE TO MILK CONSUMERS

From and after this date there will be no deliveries of milk bottles where bottles are not returned. Bottles must be left out or no milk will be delivered. The loss of bottles has become so great that they exceed in cost the milk values. This rule will be strictly enforced. No bottles, no milk. AdvM173
